SOUTH AFRICA ZAMBIA DEMOCRATIC REPUBLIC OF CONGO MADAGASCAR ZIMBABWE BRAZIL CHINA

OUR VISION IS TO BE

**THE LEADING ASSET INTEGRITY MANAGEMENT
& INDUSTRIAL SOLUTIONS COMPANY IN AFRICA**
empowering our clients' success through top-tier services
and unwavering commitment.

OUR PURPOSE IS TO DRIVE

**OPERATIONAL EXCELLENCE, PROFITABILITY, &
SUSTAINABLE GROWTH FOR OUR CUSTOMERS,**
fostering enduring partnerships and supporting broader
economic development.

OUR MISSION IS BE THE DRIVING FORCE

**BEHIND OUR CUSTOMERS' JOURNEY TOWARD
OPERATIONAL EXCELLENCE, PROFITABILITY,
AND SUSTAINABLE GROWTH.**

We are dedicated to delivering top-tier asset integrity management and industrial solutions that not only meet but exceed industry standards. Our innovative and cost-effective solutions are meticulously designed to bolster the reliability, efficiency, and safety of our clients' operations.

In doing so, we foster enduring partnerships based on trust, excellence, and unwavering commitment. We believe that by empowering our customers, we contribute to their success and, in turn, support the broader economic development and sustainability of the African continent.

HISTORY

DGC AFRICA'S RICH HERITAGE SPANS OVER A CENTURY OF INDUSTRIAL INNOVATION AND EXCELLENCE.

From its humble beginnings as a local construction firm, the company has continuously evolved to meet the changing needs of industries across Africa and beyond. Under four generations of family leadership, DGC AFRICA has grown into a leading provider of asset integrity management and industrial solutions.

Key milestones:

- Founded in 1910 in South Africa as a construction company
- Entered industrial services with refractory installations in 1928
- Expanded and diversified services throughout the 20th century
- Established DGC AFRICA in 2014, focusing on asset integrity management
- Recent expansions across Africa and into Brazil (2020s)
- 115 years of family leadership, innovation, and adaptation to industrial needs

**WITH THE ADOPTION
OF OUR GROUP-WIDE
“ONE PERSONALISED SOLUTION”**

underpinned by our range of high-quality niche services, with our superior technical expertise, delivery, and customer service.

DGC HAS SINCE THE DATE IT WAS FOUNDED IN 1910
OVER THE PAST 115 YEARS
ESTABLISHED OUR VALUES
AS THE BEDROCK OF OUR CORPORATE CULTURE.

PEOPLE

We hold our exceptional employees to high standards, and we encourage them to continuously strive for excellence.

INTEGRITY

We are driven to do the right thing and surround ourselves with like-minded people.

TRUST

We firmly believe in our employees to act in the best interests of our customers and company.

SERVICE

We are a customer-centric services business. We focus on understanding our customers' needs, ensuring we always meet their expectations.

INNOVATION

We strive to provide our customers with innovative solutions to enhance the service life of their operating assets.

OUR COMMITMENT TO SAFETY

THE 'HEALTH & SAFETY' OF ALL OUR EMPLOYEES IS PRIORITY

*It is an integral part of our business,
and underpins every decision we make
and every action we take across all
our business operations.*

The company operates according to international best practices,

WITH THE GOAL OF ZERO HARM

To all employees, as well as achieving the highest practical levels of Safety, Health, Environmental, and Quality Control.

ON A DAY-TO-DAY BASIS WE STRIVE

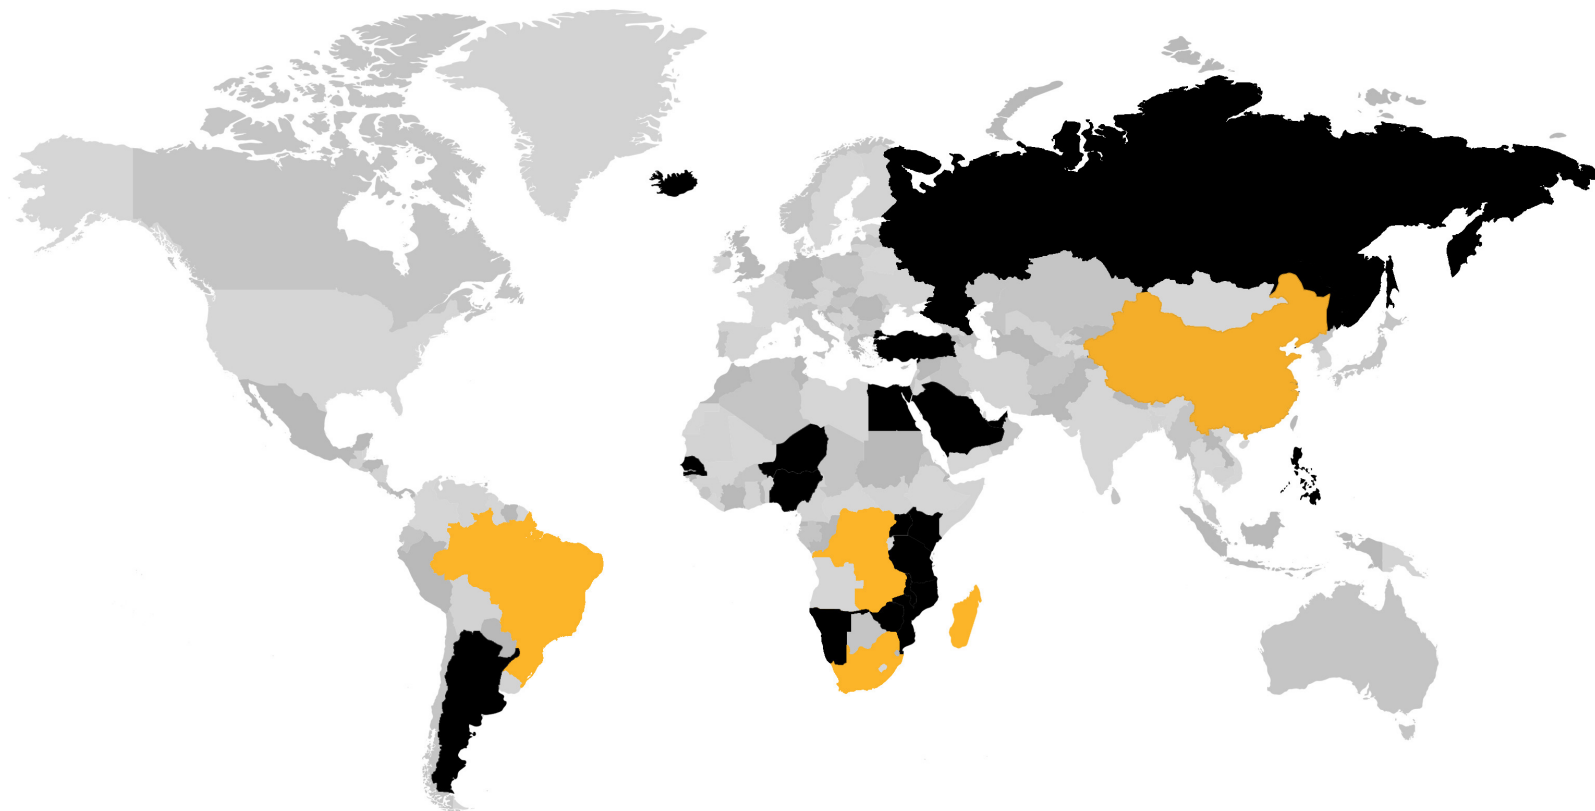

With our employees, customers, and contractors,
Throughout all our facilities, operational worksites and offices,
TO ACHIEVE THE VERY HIGHEST SAFETY STANDARDS.

GLOBAL FOOTPRINT

Ability to deliver projects and outcomes according to expectations

OUR VALUED CLIENTS & TESTIMONIALS

EXCEPTIONAL PERFORMANCE ON REHEAT FURNACE REFRACTORY REBUILD

“We are pleased to commend DGC South Africa for their outstanding work on the Reheat Furnace (RHF) Refractory Rebuild at Columbus Stainless. From start to finish, DGC South Africa demonstrated professionalism, efficiency, and a high level of technical expertise, all of which fully met our expectations.

The project scope included complex demolition, refractory removal, and meticulous installation across multiple furnace zones. Each task required precise coordination and skilled craftsmanship, which DGC South Africa executed competently. The project was delivered on time and within budget, adhering strictly to all specifications and exceeding the standard requirements.

A particularly commendable aspect of DGC South Africa’s performance was their commitment to quality and safety. The entire project was completed without any incidents, showcasing their strict alignment with Columbus Stainless’s safety protocols and their own rigorous quality and safety standards.

Columbus Stainless values the quality and attention to detail shown by DGC South Africa and looks forward to further collaborations. We confidently recommend DGC South Africa to any organisation seeking dependable, skilled refractory contractors.”

Christo Swanepoel - Mechanical Engineer, Hot Mill
Columbus Stainless (Pty) Ltd

DGC AFRICA'S COMMITMENT TO QUALITY AND SAFETY IN REFRACTORY INSTALLATION AT A MAJOR COPPER SMELTER

"I would like to commend DGC AFRICA for the good work they are currently delivering at a major copper smelter. DGC AFRICA is responsible for the complete installation of refractory materials in several critical areas, including the direct-to-blister flash furnace, slag cleaning furnace, and three large anode furnaces. They have also successfully managed refractory installations across all metallurgical equipment, providing support with ancillary works as required.

Their team includes a mix of highly skilled expatriates and locally sourced workers. Additionally, DGC AFRICA's commitment to safety is commendable, having achieved 155 days without any accidents, which highlights their focus on maintaining a safe and efficient work environment. I am confident that they will continue to deliver and complete the project, ensuring the highest quality and in line with the schedule."

Project Manager, Major Copper Mining Operation in Africa

TESTIMONIALS

"Mopani Copper Mines (MCM) commends DGC AFRICA for their exceptional work during our recent Smelter Shutdown. DGC AFRICA managed the demolition of existing bricks and the rehabilitation and installation of new bricks in both the ISA and MSEF Furnaces, effectively addressing an unforeseen hydration issue in the Hearth area that could have led to complications.

With support from their skilled management team and refractory specialists, DGC AFRICA provided timely, professional solutions, adapting swiftly to challenges and ensuring successful project completion within schedule.

The professionalism and commitment of DGC AFRICA, in close collaboration with third-party company Reflect, were greatly valued by MCM management. Their oversight of a large workforce ensured that the project was completed without safety incidents, achieving an impressive 698 Lost Time Injury Free (LTIF) days - a testament to their dedication to safety and technical excellence."
